

CCRN EXPERT FORUM:

“Combination Therapy in Hypertension: State of the Art”

April 18th 2012
6:30-9:00 pm
Holiday Inn Yorkdale
Toronto Ontario, Canada

Co – Chairs:

Dr. Gupta, MD
Dr. Verma, MD

Faculty:

Dr. David Fitchett, MD
Dr. Lawrence Leiter, MD
Dr. Sheldon Tobe, MD

Meeting Objectives:

- To highlight the evidence supporting the use of combination therapy in hypertension from a patient compliance, efficacy and clinical trial standpoint.
- Identify future CME and research opportunities.

AGENDA

Dr. Milan Gupta	Opening Remarks
Dr. David Fitchett	Why do we still have a care gap in hypertension management in Canada?
Dr. Lawrence Leiter	Combination Therapy and Patient Compliance: Multiple Pills vs. Single Pill Combinations
Dr. Sheldon Tobe	Evidence based combinations in hypertension: The CHEP Guideline Algorithm
Dr. Milan Gupta	Case based discussion
