

# Sex and Lipids Managing CV Risk in Women

Recorded on:  
March 6, 2025

In recognition of  
**International Women's Day  
2025**

Best Practices Forum

## Sex and Lipids: Managing CV Risk in Women

This case-based virtual program will provide an evidence-based review of lipid management in women.

## Session Objectives

- Define sex-specific cardiovascular risk factors
- Apply gender-specific risk stratification strategies for managing dyslipidemia in women
- Manage lipid lowering for women in primary and secondary prevention
