University of Texas Southwestern Medical Center
Lead Physician,
Parkland Health Cardiology Clinics
Dallas, TX

Tuesday,
April 22, 2025
7:30 - 8:30 pm EDT

Join renowned expert Dr. Darren McGuire for an interactive and practical discussion on incorporating GLP-1+/- GIP agonist therapies into your cardiology practice, and explore the exciting future of new agents in development.

Learning Objectives

- Discuss the role of obesity as a risk enhancer in cardiovascular diseases
- Review the benefits of novel incretin therapies in ASCVD and heart failure
- Develop a practical approach to prescribing and monitoring these therapies
